He was reared near Asbury and left there fifty nine years ago for the Lone State, having lived now 43 years in his present town where he has prospered and he is now well fixed in this world's goods. He is a son of the late Joe Robertson of Asbury vicinity, a farmer in his day there, where the present Robertson lived and worked on the farm. While here he visited Asbury church, which he remembered as it was before the old brick church was torn down and replaced by the present frame building.

Local ginners this week fixed the rice for ginning at one cent per pound for the lint, with \$5.00 as a minimum for any bale. This is, a 400 lb bale will cost \$5 or a 500 lb bale \$5, and a 600 lb. bale \$6. These figures are higher than The Falcon published two weeks ago based upon the statement to us then one of the local ginners, it being told us then the minimum would be \$4.50 or maybe as low as \$4.00 per bale. We have not heard what charges of other ginners in the county will be.
